Cathedral City News Roundup

Reported by MACK MOORE

Cathedral City Personals

By D. M. and D. C.

Pearl Palmer and small daughter Vicki departed Sunday for Seattle, Washington.

Mr. and Mrs. Bert Wade are spending the week-end with Mr. and Mrs. Paul Clark at Wrightwood.

Mr. and Mrs. Larry Wiengartner were guests of honor at a farewell party at Desert Lodge, given by Mr. and Mrs. Jack Maddox. Dinner was served on the patio, and guests included Mr. and Mrs. W. L. Patterson, Mr. and Mrs. Johnny Rater, Dick Strongard, and Miss Arlene Rater.

Woody and Gwen Woods send word from McLean, Texas, that they are enjoying their vacation very much.

The Claude Cobbs, and Russell Smedleys enjoyed a swim at the Palm Village pool and then had a delightful dinner at Palm Village Inn.

Work has started on Ray Poters new super market, Smedleys will have an enlarged meat department and complete delicatessen.

The Reull Latteralls en route to Tacoma, Washington, are enjoying very much the cool weather encountered in the mountains near Buelton.

Chester Ide Laid To Last Rest at Rites in Banning

Chester Ide, well known to residents of Cathedral City, and member of the beloved Peterson family, passed away at 1:00 a.m. Wednesday of pulmonary embolism. He was born at Lynn, Mass. but moved to Iowa, early in childhood. He had lived both in Des Moines, and Ames. He attended college at Ames where he studied chemical engineering, and was sent to Trona for apprenticeship. He returned to Los Angeles in 1930. In 1932 he was married to Marie Peterson, and they lived in Norwalk, and Eagle Rock, before coming to Desert Cove Ranch, to make their permanent home. They have two daughters, Nyleen, age 11, and Jan Marie, 9. He also is survived by a sister, Mrs. Homer Wickard, now living in Seattle, Washington.

Services were held at Wiefels and Son in Banning, Friday and was read by Francis Crocker, Episcopal church layman.

Mr. and Mrs. Moore Hosts at Dinner

Mr. and Mrs. Mack Moore entertained a few friends at dinner Friday evening, their guests were Mr. and Mrs. Herbert Henry, Mr. and Mrs. Jack Maddox, Mrs. Lila Wade, and Lee Moran.

New Pipe Lines Will Go In Soon

The Cathedral City Water Company has announced that they have been fortunate to get delivery on two thousand feet of six inch pipe.

It is anticipated that about the first of August this will replace the running length of D street, which has given many years of service. It is further contemplated will greatly benefit the entire system.

L. C. Lewis Family Prepare for Desert

L. C. Lewis writes from Portland, Ore. that they are sorting and packing, in an effort to become entirely transplanted to the desert. Their heavy wearing apparel they are preparing for shipment to England, where it is greatly needed.

Two Houses Moved to New Locations

The two houses that were on the Melrose tract have been moved. Maurice Reynolds has moved his to a spot on D street between Glenn and Grove. Bill Sanders has moved his to G street and the levee.

ner Friday evening, their guests were Mr. and Mrs. Herbert Henry, Mr. and Mrs. Jack Maddox, Mrs. Lila Wade, and Lee Moran.

from the Yosemite Field School days away back in 1939, when we attended that Ranger-Naturalist training school together. I hadn't seen him since. They have a little girl now.

OUR FIRST DAY in Washington, I headed for the Smithsonian, where I was to meet Bill Colburn again. I found him in the office of Dr. Foshag, of whom I had often heard from his sister, who lived in Upland near my parents' home and was often a house-guest. We chatted awhile and had a short conference with an ethnologist. We all went out for lunch. Then, joined by Mrs. Colburn, we walked over to the new National (Mellon) Art Gallery. I have never seen such a massive marble structure—nor as cold a one. It is truly a beautiful edifice, and the art treasures housed within it are unbelievable. Yet, somehow it seemed a bit too cold. You were always conscious of the guards at every turn. You became aware of the clicks of your soles on the marble floor. Above all, you found most of the labels on the pictures hard to decipher.

We had dinner that night with the Huses and their neighbors—in the backyard outside under the trees. Next day, in spite of the rain, we went with the Huses across the Potomac river and down to Mount Vernon, Washington's home place. However, it was raining so hard when we got there, we decided not to see it. A bit disappointed we returned home.

THE FOLLOWING DAY we drove out to the great falls of the Potomac and took about a 4-mile hike along the river and through the forest. We were following a portion of the famous Appalachian hiking-trail. There was lots of poison ivy to walk through, and both Jim and I must be immune to its poison for it didn't affect us at all. It was also our first experience with wood-ticks. Jim first found one on him, then we all thereafter, from time to time, found one of these little spider-like ticks crawling on our clothes, hunting for a place to get to the skin. Once they get to bare skin, you know, they dig right in, head first, and once that occurs, you must use caution in removing them or else

the head breaks off and may cause blood-poisoning. The accepted method is to hold a lighted cigarette near them and the heat will cause the tick to back out of its own accord. Or kerosene applied to spot is supposed to do the trick also. Nevertheless in spite of the ticks, it was a most enjoyable and scenic trip, and on which I learned a lot about the broadleaf-deciduous forests of the East.

On our return trip we detoured by Arlington cemetery and the Tomb of the Unknown Soldier. What a simple but ever-inspiring place that is, and what a task for the white-gloved soldier on guard there to walk back and forth like clock-work in that terrifically hot sun!

Estes Park in Colorado Rockies Full of Villagers on Vacation Writes Former Local Minister

(From the Golden Horse ranch at Estes Park, Colorado, the summer home of Dr. and Mrs. Henry S. Reid of Palm Springs, came a letter this week from Dr. John Robertson Macartney, pastor of the local Community church for 11 years until his resignation this spring. He writes of meeting many Villagers in the Colorado Rockies.—Ed. Note.)

Dear Phat: Upon our arrival last Saturday afternoon we found grand preparations in progress for a barbecue and outdoor evening feast on the hillside above the ranch house of Dr. and Mrs. Henry S. Reid.

Among the assembled guests were Mr. and Mrs. Fred C. Clatworthy, Mr. and Mrs. Fay Brainard and Mrs. Brainard's mother Mrs. Gertrude Schlosser. Mr. and Mrs. Bill Veith, Hazel and Wendell, Dr. and Mrs. Reid and son Harry and Pat, the charming bride of a few weeks. Besides a number of local celebrities including the parson and wife of the Community church, Rev. and Mrs. Jason Harbart.

SURPRISING US also just before "chow" was called arrived Dr. and Mrs. Graham Boysen of Waterloo, Iowa, with their two lovely daughters.

They had read that the Palm Springs parson was to speak on Sunday at the Community church and came immediately to greet us. They were from our former parish in Waterloo.

Magnificent Palominos feature the Golden Horse Ranch. The two prize winning stallions which have been frequently seen in Palm Springs parades, as well as numerous of the rising generation of thoroughbreds, are quartered here.

Saddles, bridles and much

equine equipment adorn the walls of the spacious ranch house.

Dr. Reid is as busy here as in Palm Springs as he ministers to summer guests, as he does winter guests in the desert village.

On Sunday the large high school auditorium is used to accommodate the very large audience. In addition to those mentioned above were also Mr. and Mrs. Charles Graham from Palm Springs, so we had quite a reception following the sermon.

ESTES PARK nestles in the bottom of a wide reaching saucer, rimmed around with purple mountain majesties, lofty altitudes and ranges, monarched by Longs Peak, 14,000 feet.

Eleven miles out from the village at a 7000 foot altitude we find the Brainards' "homestead," "dog house" and "pup," pitched beside a running stream in groves of aspen and small pine with matchless views of the near and far mountains.

THE CHIPMONKS assemble when they see the family sitting at table and come in through the opened window and partake of their daily ration of peanuts, which are doled out to them one by one at 28c a bag. They perch on Fay Brainard's shoulder and receive their nut, quickly take off the shell and brown cover of the meat of the nut, stuff it into two spacious bags in the side of their jaws, until they bulge, then away to hide the panhandle groceries against next winter's necessities.

A weasel frequents the place and by stealth captures the chipmonks, those that are wary give a shrill whistle to warn others of the presence of the enemy and scurry up a tree.

The boys here hurry out when they hear that warning, with small rifle hoping to eliminate the peril to the friendly monks.

Hearing that we were in this part of the world Mr. and Mrs. Howard Stewart, motored over from Greeley and we all had a

IN RADIO PLAY—Lovely Julie Stevens who made her radio and stage debut in St. Louis, plays the title role of an attractive divorcee on CBS' "Romance of Helen Trent," which begins its 15th year on the air. It is heard over Radio KCMJ, Mondays through Fridays, at 8:30 a. m.

grand visit. Came also Mr. and Mrs. Earl Kimball from Waterloo, Iowa from Fort Collins. Prof. Kimball is instructor in Waterloo high school and also is teaching in the college at Ft. Collins.

THE BILL VEITHS have yielded to the lure of the Rockies and are eagerly hustling along a fine cabin in one of the choicest sites one could imagine, with an outlook down over valleys of pine tree tops, and away to all the high peaks of this backbone of the American continent.

We donned carpenter's overalls and with hammer and cross-cut saw broke the silences of the forest today, as the shoring up of the foundations of the house to be engaged the theodolite, hammer, square and level.

WE ARE DOMICILED in the "Pup" a tiny guest house, which is also Fay's hideout where is his high class photographic equip-

ment of every variety. Fay and DeRue and Mrs. Schlosser, like the Reids, Veiths, and other friends bubble over with hospitality and our stay here is a joy.

It was our intention to journey on east as far as New England but floods and gas rationing and tornadoes dissuaded us, so that when we leave here we turn northwest through Yellowstone, Glacier Park and on through to the coast where our usual cabin awaits us at Orcas Island, Washington, made famous by Mrs. Macartney's big catch of last summer.

There we shall gather up our motor reels and other weapons with which to quicken the appetite of the Silver Horde and perhaps have some conscience stretching fish stories to narrate next fall.

Cordial greetings to all,

John Robertson Macartney.

County-wide Sales Tax Proposed at Meeting at Indio

Indio chamber of commerce was considering a proposal that will start a move in the county for a county-wide sales tax to replace municipal sales tax measures. The plan was set forth by George Ames, a Coachella Valley rancher, who said it would be the most equitable form of taxation.

The money collected by the county would be returned to the cities proportionately.

In this way, Ames said, an equitable tax structure would be set up. Shoppers from a city which imposed a sales tax would not journey to a neighboring city where there was no tax, he said.

A uniform county sales tax would aid the cities with the revenue collected by the county and the county by collections from unincorporated areas.

It was indicated that the Indio chamber would study the matter with a view of possibly submitting the proposal to the county chamber and the board of supervisors.

Whitehorns at Laguna Again to Finish Vacation

Mr. and Mrs. James Whitehorn, 1162 Tamarisk road, who are spending the summer months at Laguna Beach, have returned to the south after a combined business and pleasure trip to San Francisco.

Mrs. Whitehorn, prominent in state Republican circles and editor of the Republican Spokesman, and political commentator for The Desert Sun, conferred with state Republican leaders while in the north.

They are now back at Laguna for the remainder of summer.

Summer Special

44 ways To get "Something for Nothing"

The railroads have received 44 "rules" demands from the leaders of the operating unions . . . representing engineers, firemen, conductors, trainmen and switchmen. They say they are seeking only changes in working conditions—NOT a wage increase.

More Money For Less Work

But what kind of rules are being asked for? Twenty-eight of them would compel railroads to pay more money for the same, or less work; 7 would require additional and unnecessary men to do the same work; the rest would bring about changes in operating practices at increased cost.

For Instance:

The Union leaders demand additional train and engine crews on Diesel-powered trains—one full crew for every power unit in the locomotive. A freight train hauled by a 4-unit Diesel would have to carry 4 engineers, 4 firemen, 4 conductors, and at least 8 brakemen, or a total of 20 men instead of 5.

"Made Work"—Sheer Waste

The Union leaders demand that full-length freight trains be cut to about half their length, even though such trains are most efficient for low-cost service to you. This rule would call for twice as many locomotives, would double the number of trains, and make accidents more likely.

Additional equipment, yards, and other facilities required to take care of these short trains would cost hundreds of millions. What the Union leaders really want is to make more jobs.

The Union leaders demand that when a crew in one class of service perform incidental service of another class, they will be paid not less than a day's pay for each class, even though all service is performed as a part of the same day's

work. The crew would get at least two days' pay for one day's work.

The Union leaders demand that the present basic day for passenger con-

ductors and trainmen be reduced from 150 to 100 miles, which would have the effect of increasing their pay 50%. Such a run often takes only two or three hours!

You Can't Afford This Waste

Demands like these are against the interests of the whole American people, who depend on railroad service for nearly everything they eat, wear and use.

These rules would cost A BILLION DOLLARS annually—a gigantic waste which neither the railroads nor the country can afford.

Railroad workers are good citizens and good employees, with pride in their calling. Their record during the war was outstanding. We do not believe they fully understand the "featherbed" rules which the Union leaders are demanding. We do not believe they understand the harmful results which these rules would have to the railroad industry, to the millions of men and women dependent on railroads for their livelihood, and to the shipping and consuming public.

The great strength of America is in production—an honest day's work for an honest day's pay.

For only through greater production can we hope to stop the steady upward surge of living costs.

Surely, if ever there was a time in our history when we needed to work, not waste, this is it.

Moola — If you're clever and original in following contest rules — and submitting the best slogan of the week for Palm Springs.

Unemployment Insurance Tax Returns Are Due

Returns for state unemployment insurance taxes for the second quarter of 1947, are now due, according to Ray K. Condee, auditor-in-charge of the Riverside County audit district office of the California Department of Employment. It was pointed out that returns first became due July 1.

"Interest and penalties will be charged if the tax is not paid on or before July 31," Condee declared. "Employers are urged not to wait for the deadline, but to submit their returns as promptly as possible in order to speed up processing."

Every employer of one or more workers is subject to the tax and other provisions of the Unemployment Insurance Act. Agricultural labor, domestic service, and service for certain non-profit organizations are exempt. Palm Springs employers who are in doubt of their liability under the State Unemployment Insurance Act are invited to contact the auditor-in-charge by telephoning Riverside 5540.

Mrs. Clema Granger of the Village was much interested this week in word that the sister of her daughter-in-law, won the grand slam prize on a radio program, being awarded a truckload, practically, of prizes. The winner's name is Alice Walker of Rancho Mirage and she is Mrs. Jim Granger's sister. She sent in

Harper . . .

and answering questions on the Village. Palm Springs is the favorite winter resort for scores from Washington and Oregon and interest in this area was high there, the secretary said. He also went on into Canada and returned via Yellowstone and Salt Lake City.

Requests for reservations and information on reservations have been coming in by mail all summer and Village hotels and apartment houses are being notified in bulletins about these requests.

REPORTS that he was about to resign came as a great surprise to the secretary-manager of the Chamber.

"That certainly is news to me," he commented. "I checked up on the untrue and unfounded rumor after a friend astonished me by asking what I planned to do after I resigned."

"I found that the so-called news originated in the 'usually unreliable' source, to paraphrase a much-used newspaper phrase."

THE SECRETARY was emphatic in this regard.

I am not resigning—except, of course, should I be appointed supervisor, a position which I do not particularly want and, in regard to which all unbiased persons recognize my stand.

"I have not even mentioned resigning so any statement that I plan to quit must be a deliberate falsehood circulated with ulterior motives."

a series of musical questions which no one could answer.

Sports

All-Stars Journey To Indio Thursday For League Game

Palm Springs All-Stars are scheduled to travel to Indio Thursday night where they meet the second-place Indio team in the Riverside County softball loop in a league game.

Indio is right behind San Jacinto in the league standings and the only team with a mathematical chance to catch the flying leaders. If Indio gets by Palm Springs this week and San Jacinto blots out Hemet, the two teams will meet in the final game of the loop at San Jacinto August 7. A victory for Indio would tie the two teams and necessitate a play-off.

THE ONLY GAME the league-leading San Jacintos have lost so far was to Indio at Indio in the first round. They lost that one convincingly by 8 to 0.

Indio started out slowly losing to Banning and Hemet but then came on strongly and are really going in the stretch.

The league season ends August 7.

Palm Springs has two games left on its schedule, at Indio this Thursday and at Banning on the last day.

THE LAST HOME GAME for the local team was that one last Thursday night when Priest set them on their ears with two hits. San Jacinto took that game, 6 to 0.

In the first round Indio defeated Palm Springs 6-3 here and Banning took the local lads 10-9. In a practice game a few days before when the results didn't count in the final standings, Palm Springs downed Banning by a score of 7 to 5.

PARTONAGE at the County as at the City League contests. As at the iCity League contests. Last Thursday night one of the largest crowds to witness a softball game was on hand at the Field Club.

The standing of the loop as of today:

	P.	W.	L.	Pct.
San Jacinto	6	5	1	.833
Indio	6	4	2	.667
Banning	7	4	3	.571
Palm Springs	6	2	4	.333
Hemet	7	1	6	.142

C-V League to Send All-Stars Against Juniors

Coachella Valley league is bound to set down those young Palm Springs' upstarts—the Junior Boys' Club softball team. For the last three weeks the Juniors have been walloping entries in the C-V league, topping the league leaders as well as lesser lights.

Thursday an All-Star team from the C-V league is coming to Palm Springs. They've taken the best players from the loop teams and lumped them into an aggregation which they think can halt the winning streak of the Juniors. The game will be at the Field Club at 8 p. m.

Tonight there may be a game—and there may not. Frank Partington, recreation director, is angling with a Banning team to come to Palm Springs to play the Juniors. A planned game with an Indio team fizzled out at the last minute.

Village Realtor Bags 'em Big at Mammoth Lake

Breaking his own record twice, Barney Johnson, Village realtor, landed a seven and one-half pounder at Mammoth Lakes last week and then topped it off with a thirteen-pounder shortly after.

He sent pictures to prove it. The figures indicating the size of his catches are spelled out to avoid any error. The last time he described a 7-pounder it came out in print a 1-pounder and almost spoiled his vacation.

Outside of a few side trips to see scenery, Johnson has been in the Mammoth Lake area all summer and says that fishing beats selling real estate although the technique of landing the big ones is about the same.

And telling about it afterwards, too, he added.

Home Plate Takes A Beating in Play In Girls' League

The Little Giants, youngest Boys' Club outfit, took the Girls' Club into tow Friday night at the Field Club in an "extra inning" game. It was down on the books for a five-inning contest but the girls (isn't that just like woman) changed their minds and made it go six innings.

The Mighty Midgets triumphed by a score of 16 to 15 getting the winning run across in the last of the sixth. The girls drew away to a long lead and had the Midgets puffing and huffing ten runs behind at the start of the last of the fourth. But then the Little Giants got down to business and made up that ten in two innings, pulling away to win by a nose in the next round.

THE SMALLEST GIANTS got the biggest number of hits. Sammy Artego batted 1,000. He's so small that Barbara Crossley, pitching for the girls, had trouble getting the ball through the narrow space between his shoulders and his knees. He walked three times. Roger Clark, even smaller, also batted 1,000.

Beverly Mendoza caught for the girls and the battery for the Mighty Midgets or Little Giants, depending on whether you're referring to their size or their power, was Rudy Martinez and Victor Reyes.

IN THE OTHER GAME Friday night the Globe Trotters and Strebe Stars went three rounds—pardon it, innings—to decide which team should lead the loop. They had been tied.

The Globe Trotters made it an even game—they scored eight runs in each of the three stanzas while the Stars got three in the first and one in the third to lose it, 24 to 4.

Batteries were Marian Turner and Helen Danuels for the Globe Trotters and Patsy Folks and Rachael Rallet for the Stars.

The Girls League games are played each Friday night.

Action Due . . .

court house at a critical period when various fund allotments were being made and the county budget drawn up. Robert Dillon of Beaumont, who held the position and at one time was chairman of the board, resigned because of ill health this Spring. Early action by the governor was therefore the hope of the district's leaders.

MENTIONED for the post besides Harper and Easley, are Judge Wallace P. Rouse, of Indio, William Kerstener, Coachella Valley rancher, L. A. Sanford, also of Coachella, and H. L. Roberts of Cherry Valley.

Several matters of importance to the district and to the county are being held in abeyance awaiting Warren's action and the new

Exciting Play in Ping-Pong Tourney At Youth Center

Exciting matches have marked the ping-pong tournament now under way at the Youth Center with two series of play in progress, one for the boys and one for the girls.

In the first week of play, the following results were recorded by Gustave Patzner, Youth Center director:

Wendall Hines defeated Don Miller, 25-23; 21-16.

D. D. Hiner won from Joe Garcia, 21-12; 21-13.

Creighton Panlaquy eliminated Bob Sandefer, 21-14; 21-10.

Bob Landry defeated Tom Corwin, 21-10; 21-9.

John Wilson won over Happy Ward, 21-14, 19-21, 21-19.

The latter was the best match of the tournament to date and provided some spectacular action.

In the Girls Tournament: Esther Ecclestone defeated Dixie Smith 21-7, 21-17.

Peggy Wallace eliminated Betty Sanduval 11-0, 21-9.

Marlene Watlett won from Doreen Ehler, 21-15, 21-17.

A new ping-pong table has been added to the equipment at the Youth Center and play in the tournament is expected to speed up in its second week.

MORE ABOUT . . .

Boys' Club . . .

with three wins and two defeats. It was also the rubber game between the two teams who have met three times this season. The Boys have won two, the Colony team, one.

HARD FAST BALL prevailed with several sensational catches in the outfield giving the fans many a thrill. Marquez cut down a threatening Colony rally with almost a shoestring catch of Ben Prieto's line drive in the last inning. Sid Canales took one off the screen in a difficult catch and Ted McKinney's good eye helped him nail three hard-hit balls in the sixth to hold the Mexican Colony to one run and halt what looked like a victory surge.

Joe Sandefer started it off in the first with a single. Rauch walked. McKinney hit a hard one and while they were catching Rauch at second, Sandefer scored.

THE COLONY came right back in their half of the first when Joe Prieto reached first on an error and, after the next two men went out, scored on brother Ben's double.

The Boys got their second ace in the third on an error which put Sandefer on first. The next two men went out but Ted McKinney walloped one for two bases to score Sandefer.

THE BIG ROUND showed up in the opening fourth. Cowart doubled and scored on Erno's triple. Crossley singled Erno in and Allen, who had replaced Sandefer behind the bat when the latter twisted a knee, doubled, scoring Crossley. Rauch laid down a single, Allen going to third. McKinney hit another one for two bases and Allen came in.

Jurado walked to open the last of the fourth and scored on Canales' triple. Ben Prieto bunted but made first safely as Canales scored. Crossley tightened up and the next two were out.

LAST ONE for the Boys came in the fifth when Shaw singled, reached second on an error and scored on Crossley's timely single.

The Colony refused to concede it, however, and in the sixth, pegged another one. Jurado walked, went to third on Canales' double and scored on Frank Prieto's sacrifice fly to center field.

The line score: R H E Boys Club 10 14 100-7 11 2 Mexican Colony 10 0 20 10-4 3 3

Crossley and Sandefer, Allen; Frank Prieto and Canales.

MORE ABOUT . . .

Budget . . .

available a little later than some of the other cities because of the lack of a deputy here toward the end of the assessment period. Assessments start March 1 under the present law but next year may be started on January 1. A grand jury recommendation to supervisors urged this change to speed work on the tax rolls.

THE PRELIMINARY BUDGET calls for an expenditure of \$8,414,461.

Last year's budget requirements totaled \$6,489,566.

This year's secured assessed valuation, after allowance for delinquency, was listed by Hicks at \$122,549,440. Unsecured assessed valuation was placed at \$6,331,240. On this year's total preliminary budget, \$3,079,965 is scheduled to be raised by property taxes.

FOLLOWING is a breakdown of the items included in the preliminary budget:

General	\$1,348,181
Salary	2,247,404
Welfare	3,221,186
Law Library	10,000
Employers Liability	25,000
Employees Retirement	160,000
Unappropriated Reserve	75,000
General Reserve	300,000
Accumulative	
Building Reserve	50,000
Highway Imp.	
Bond and Int.	60,000
Riverside County Fair	46,500
General Road	700,000
County Good Roads	171,100
Total	\$8,414,461

Mr. and Mrs. Ernest Perry were hosts Sunday at a barbecued steak dinner at their home on Palo Verde.

Guests were Mr. and Mrs. Allyn Davis of Washington, formerly residents of the Village, Mr. and Mrs. Stuart Allen and Mrs. Ben Hatler.

Council Expected To Give Zone Law 1st Reading Today

City council was scheduled to meet tonight in adjourned session for what may be the start of final steps toward enactment of the new land use ordinance.

Following many public hearings on proposed revisions in Ordinance No. 75, the city zoning law, the revised measure has been brought up to date and if given first reading tonight, as expected, it will be voted on at the second reading, possibly at the first official meeting in August which falls on August 6.

Following customary publication, the measure will be effective this fall.

Ordinance No. 75 was first adopted more than seven years ago and has been amended repeatedly. To eliminate the confusion of the many changes since originally enacted, the revised ordinance was authorized. It creates 13 zones in the city, in place of nine listed under the original measure.

Tonight's council meeting will be at the El Paseo theater.

Man, Accused of Car Raids Here, Awaits Hearing

James J. Jackson of San Bernardino, arrested in Redlands on charges of pilfering items from parked cars was arraigned in that city last week and will face theft charges there later. Jackson is reported by police to have admitted stealing articles from an automobile in Palm Springs.

Some of the loot, found in his possession was identified as having been taken from the automobile of a woman guest at a local apartment house. Other items in his possession and which he is said to have confessed taking here, has not yet been identified.

Jackson and another man, Robert Thomas, are accused of robbing automobiles here, in Banning and in Beaumont.

Visitor Falls in Loose Walk

James E. Ranall of Fontana got a little dusty and was embarrassed when he fell down at the corner of Arenas road and Indian avenue. A loose piece of cement in the sidewalk was responsible.

To prevent someone else from a similar experience he notified police who, in turn, called the city hall. P. M. Swart had a crew there at once and the sidewalk is now safe again.

Rashall Editing Banning Record

Bill Rashall of the reportorial staff of The Desert Sun will turn over for a month. During the absence of Mrs. Carl Barkow, editor of the Banning Record, he will be in charge of the news end of that paper the remainder of July and during August.

Mrs. Barkow has gone to Alaska for a month's vacation.

Sgt. Johnson, Family, Journey to Santa Cruz

Police Sergeant Orest Johnson, Mrs. Johnson and the Johnson youngsters, left Saturday by automobile for Santa Cruz where they will visit friends on vacation.

Sgt. Johnson will return to his post here toward the end of August.

Morrison's Return from Stay at Beach

Mr. and Mrs. Bob Morrison are now making their home in the Village after a honeymoon spent at Laguna Beach. Mrs. Morrison is the former Barbara Inman whose marriage was recently celebrated here.

Ione Coble To S. F. on Vacation Journey

Ione Coble, desk clerk at the police department, left last weekend for San Francisco to spend her vacation.

She will be a guest in the bay city of her brother and sister-in-law, Mr. and Mrs. Jack Gill, returning to her duties at the police station late next month.

INCOME LOTS—two together,

Party Given Krug Here Cost \$246

Photostatic copies of carefully-kept expense accounts today had thrown new light on the part Palm Springs played in Howard Hughes' operations with the government during the war—operations which are now under scrutiny of a senate investigating committee.

The accounts, kept by John M. Meyer, Hughes' right-hand man, who always "picked up the check" after parties staged for Julius A. Krug, secretary of the interior, revealed that the Palm Springs gathering was held at Rogers Stables on March 4, 1945, not at the Racquet Club as Judy Cook, entertainer, previously told newsmen.

THE LOCAL PARTY cost Mr. Hughes \$246.31, the expense account revealed. The affair was given in honor of Krug who at that time was an official on the War Production board.

Present at the event, according to Meyer, were Krug, Henry Nelson, chief of the WPB aircraft section; Morton Wilmer, assistant chief of the WPB aircraft section; W. P. Falck, utilities section chief for the WPB; Dr. L. H. Marks, Krug consultant; L. B. Dreves, WPB chief in southern California; Brig. Gen. E. W. Rawlins, army air force; and Col. H. A. MacMann, Gen. Rawlins' aide.

FIVE GIRLS were at the party, too. One of the girls was Judy Cook, subpoenaed to appear before the senate committee to describe the parties. She was paid \$75.94 for her part in entertaining the guests. Miss Cook is a professional swimmer and an actress who put on diving and swimming exhibitions for Hughes' guests. According to Meyer, women in the party stayed at the Desert Inn, the men at the Racquet Club but the party was at The Stables.

Miss Cook "broke" the story of the parties to Los Angeles newsmen who questioned her when it was known she had been summoned before the senate committee.

BIG NAMES are involved in the quiz. Elliott Roosevelt and Faye Emerson were present before their wedding as were Jack Frye, former TWA president who served as best man at the Roosevelt wedding and other prominent figures.

The senate is seeking light on \$40,000,000 in aviation contracts awarded Hughes during the war.

Krug was also in the Village again after he had been appointed to the cabinet post in 1946.

Villager Sits by Fire While It's 119 Here

High temperatures in Palm Springs—and other southland points—are hard to believe, writes Marjorie Milgrim of the Village, now vacationing in Yellowstone Park.

In a letter to friends here she writes that at Old Faithful, a wood fire is a "must" each morning and evening because of the chill.

Walking down a park road to snap some pictures the other morning she stopped beside a station wagon to load her camera. Glancing up, she noticed the sign on the vehicle: Palm Springs Desert Museum. Soon Lloyd Mason Smith, museum director here, appeared on the scene. He, too, had been snapping pictures.

Naturally, a few well-chosen words about Palm Springs ensued.

In her letter, the Villager wrote:

"It's great to keep up with the doings of Palm Springs and the desert through the columns of The Desert Sun. It is hard to believe those 119-degree maximums, however, while sitting by a wood fire."

Two-Year-Old Quickly Found

Police were scurrying around at dusk Saturday looking for a two-year-old child, Ginnie, daughter of Mrs. Tillie Cadelle, 320 Marcus. Mrs. Cadelle reported the child missing at just about closing time for the Safeway store.

The child had wandered away while she was doing some last-minute shopping, so a few minutes later the hunt was called off—Ginnie was found watching the Saturday evening crowds.

ed to the cabinet post in 1946. Hughes has been a frequent visitor here as have been other figures mentioned in the dispatches from Washington, D. C.

Doing the Village

with
Moya Henderson

The weatherman says it will continue fair and warmer but just to make you people at home feel better about the whole thing we will quote Mrs. Frank Winter who spent the week end in Los Angeles.

She claims the whole family was glad to get back on the desert where at least the heat isn't held down to earth by smog and where the houses are conditioned for it.

Gledys Denton looks nice and tan from that Long Beach sun as does Ernie Dunlevie who spent Sunday sailing with the Dick Grants at Balboa. Mickie McCormick also visited with the Grants this week-end but had to hurry back for the opening of the Palm Springs Drug Company and to meet the new manager who is none other than Marvin Fritz who held forth at the El Paseo many, many moons ago. Marvin also operated the old Rustic Tavern Drug Store in Idyllwild before the war.

Ruth and Claud Veleour have forsaken Tahoe and are now visiting with Ruthie's family, the George Robertsons, on the Balboa peninsula.

A FLURRY of excitement marked the departure of Mrs. Fay Neill for Hawaii on Friday. Deciding the week before that a trip to the islands was just the way she wanted to spend her vacation, she hopefully called the ticket agent. They told her that a cancellation for one person was very probable but that they could give her no more than twenty-four hours notice—so in less than a week she was off. If the cancellation had been a week later she would have made the same boat with the Trav Rogers and Bill Gargans. Can't you just see Trav at the Captain's dinner in a white dinner jacket and fancy western boots getting everybody to "canoodle." There shouldn't be a dull moment for anyone on board with him and Bill Gargan present.

Tommy and Betty Kiely are setting off with their two young daughters on Wednesday night with North Dakota as their destination. Enroute they will stop off at Salt Lake City and Yellowstone National Park before going on to visit with Tommy's family.

Another trip coming up that should be fun is that of Louisa Sanborn who with her son will leave for Maine next Sunday morning to visit with her family. Louisa states that while she is on the Atlantic Coast she'll spend a great deal of her time going through antique shops. The loot she brings home should prove interesting.

ALL HAS NOT been so quiet

on the home front this week, in fact, there have been many good parties going on to keep us desert rats smug and contented. One of the best in a long time was the wild game dinner given by the Rembert Trezevants on the Golf Course Thursday evening. Mr. Trezevant, a seasoned hunter, brought out of his food locker enough wild duck and venison to feed any army and Mrs. Trezevant had everything one could think of to go with it. Guests for dinner were members of the Lions Club and their ladies but the news must have spread far and wide for it brought Frank and Bernice Doro down from Idyllwild, Father Francis McGann up from Palm City and the Hall family from Hemet were on hand to help with dinner and entertainment. Ted Reed looked most content, with his wife in Oceanside he's probably getting tired of his own cooking. Jimmy and Eleanor Shea were telling of their plans for the next two weeks. Eleanor is off with the family of three little boys to bask in the sun at Balboa while Jimmy hops that Lions Club special train (friendly S. P. by chance?) for the National Convention in San Francisco.

THE AMVETS are fast becoming famous for their ability to throw good parties and the carnival at the Colonial House last Friday night only went to prove it. Happy guests went home with all sorts of fancy prizes and loot. Peg Rachell made a very able master of ceremonies and a few of the more hilarious guests took impromptu dips in the pool.

From the Islands, the Village suburbs for the summer, we hear that the Donald Locketts are having a wonderful vacation. They are shipmates of the Kenneth Kirks for both the trip over and back and have visited with the Kirks and the Warren Pineys at the Royal Hawaiian. The Locketts are making their headquarters at the Moana Hotel.

He May Stay—After Nine Days

Manuel Apodaca, 39, who pleaded not guilty to a charge of vagrancy and asked a trial because he feared a "floater" out of town if he didn't, can stay here. He wants to stay here.

First, however, he'll have to stay in Riverside county jail where he now is, for nine days.

Before Judge E. E. Theriault in city court Friday, Apodaca was convicted of the charge and sentenced to ten days in county jail, one day suspended.

Referendum Ruling Waited as Recall Petitions Grow

With one petition affecting county legislation in the office of the state attorney general awaiting a legal interpretation, others in circulation seeking the recall of three supervisors and the situation in the fourth supervisorial district somewhat chaotic, because of lack of a representative, the court house at Riverside had plenty to think about this week besides the heat.

The referendum petition which attacks a recently-enacted county ordinance has 4,000 signatures. A question of its legality is involved.

THE OPINION from the state was requested by the Supervisors because the petition in question directly affected County Counsel Earl Redwine, who would normally have been called upon for the opinion.

A question frequently claimed to be the key to the issue was whether or not a referendum petition could be directed against two parts of an ordinance rather than against the ordinance as a whole. In this case, the petition calls for a vote on two sections of Ordinance No. 329, to eliminate the County Counsel's office and prevent the employment of a County administrative officer.

SIGNERS on the three recall petitions were reported by the sponsor, William E. Hornaday, who also started the referendum petitions, as follows: against Chairman W. V. Pittman, 773; against Supervisor Arthur Weirick, 721; against Supervisor Floyd E. Gilmore, 448. In Pittman's district approximately 1400 signatures are required to force a recall election. Approximately 900 are required in each of the other two districts.

If recall elections are held, the same ballot will contain names of candidates to succeed the challenged incumbents.

Thomas Wilks of Wildomar, rancher and bank director, is reportedly being urged to be a candidate in Weirick's district. Paul Tibbets, Hemet, and John Hansen, Perris, and at least one other are being discussed as candidates in Gilmore's district.

No boom has been reported for any candidate in Pittman's district.

Bank of America Award Winner

Bank of America has been notified that it has been accorded the Highest Merit Award for its annual report to stockholders covering the year 1946, according to word received by Fred Ingram, Palm Springs manager.

The citation states that the report was judged "most modern from the standpoint of content, typography and format of the 1750 annual reports examined during 1947." These awards are issued annually under sponsorship of the Financial World of New York, and this is the fourth year in succession that this honor has come to Bank of America.

MORE ABOUT . . .

Carnival . . .

rounds of applause.

PEGGY WALLACE, soloed "It's the Same Old Dream," "Peg O' My Heart" and "I Believe." She delivered her songs with all of the ability of a trained professional singer. Pat Morgan rivaled Miss Wallace in her rendition of "Seems Like Old Times," "California" and the "Beal Street Blues."

Ah's and Oh's from the audience filled the patio when Rafaela Marmolejo's singers and tiny dancers, resplendent in Mexican costume appeared before the "mike."

DANCING to the Spanish and Mexican music of Rudy's Rancheros, Barbara Santa Cruz and Miss Marmolejo came on to the stage with tiny Sofia Marmolejo, not over 6 years of age, wearing a giant sombrero, leading the procession. Little Sofia then went into her dance routine, figuratively rolling the audience in the "aisles."

A giant birthday cake, prepared and donated by the Village Bakery was presented to the Amvets. One candle decorated its center, marking the first year of Amvets in Palm Springs and commemorating the granting of the National Charter to that organization last week.

PRIZES, valued in excess of \$600, were given away during the course of the evening.

Success of the Carnival and the enjoyment of the many hundreds present was placed squarely on the shoulders of Bill Putman and his working committee, by Commander Bill Rashall, of the Amvets.

"Every moment this working committee had away from their every day job during the past three weeks, was spent in manual labor arranging the booths for the carnival and other departments of the show," he said.

THIS COMMITTEE included Rudy Salazar, Joe Fuller, John A. Romatko, Mr. and Mrs. K. F. Briody, Ferrill Wrathall, Don A. Erkel, Mr. and Mrs. Ward Coppley, P. E. Steffensen, Don E. Allen, Walter Pagan, C. A. Sowell, P. Gilbert, and Mrs. S. A. Schmidt who made a special trip from Long Beach to assist in the event.

Desert Hot Springs

Highway signs advertising Desert Hot Springs were discussed at the meeting of the chamber of commerce there at its meeting last week and the proposal was taken under consideration.

Expenses of the signs will amount to \$100 monthly and the responsibility of meeting the payments was the chief subject discussed. Some felt that rental owners who would benefit most, should pay and others thought the entire community should foot the bill. A study of the project was authorized.

VOLUNTEER FIREMEN may soon be available to meet any emergency in the community following action taken last week. At a meeting of the Improvement association George Ellis and Louise Emery were named to a committee which will undertake to aid in the organization of a volunteer fire brigade. Previously named by the chamber of commerce to the Firehall committee were Jim Todd and Howard Claxton.

American Legion and Veterans of Foreign Wars posts were also asked to name two members each to the committee.

WITH ONE CHURCH dedicated Sunday at Desert Hot Springs, plans for the organization of another were announced this week. The new Baptist church was dedicated at appropriate ceremonies last Sunday.

L. W. Coffee, developer of the community, said he had donated one lot to the Community Methodist church of Desert Hot Springs and they had bought an adjoining lot. As soon as the lots are out of escrow, work will be started on a church building.

On the committee for the Methodist group are John Haidet, Bob Ermisch, and Dr. M. Williams.

FORMATION of a Junior Improvement association was imminent today with Fred Gates promising to help in its organization.

Young Gates, who has just returned from Boys State at Sacramento, was guest of honor at last week's improvement association meeting and when the subject of a junior organization was brought up, said he was eager to assist.

Playgrounds and play equipment for the community's children were also discussed at the meeting.

COMMITTEEMEN to work for the merger of the Improvement association and the chamber of commerce to avoid duplication of endeavors, had been named this week and are studying plans for the proposal today.

Representing the association are Cabot Yerxa, T. C. Martin and John Keil. For the chamber, Sam Duxet, Frank Kibbey and Henry Hulme will serve. Ex-officio members are B. E. Dalzell, association president and Joe Bailey, chamber of commerce head.

P. S. Drug Will Re-Open Aug. 1

Palm Springs Drug Company will re-open after a brief summer closure for vacations and renovations on August 1, John Archibald and Phil Delano, owners, said this week.

With the announcement of the closing of the Village Pharmacy July 31 for a month, it was said that there would only be one drug store open after that date in the Village—the Desert Drug company.

But with the re-opening of the Palm Springs Drug on August 1, there will be two.

Local Industry Opens Branch in Mexico City

Now Mexico City has a branch of a Palm Springs industry.

Roy Randolph, well known Village dance teacher, is opening dance studios at the roof garden of the Reforma hotel. He has been at the famous Circo's in Mexico City and will be there until November when he returns to Palm Springs and his local dance studio.

"I miss the Village and surely would like to see a copy of The Desert Sun," he wrote friends here.

MORE ABOUT . . .

City Manager . . .

hospital.

The city manager left by airplane from Los Angeles Sunday morning and reached the capitol that evening.

He expects to leave Washington Thursday morning, arriving in the Village Thursday night.

Congressman John Phillips who instigated the investigation informed the city that it would be advisable to have representatives present at the hearing and Mayor C. A. Hyde appointed City Attorney Roy W. Colegate and Councilman Culver Nichols but both were unable to make the trip. The city manager was then authorized to go by council.

Conduct of the War Assets administration in steps toward disposal of the property, the meager allowances offered the city, the red-tape surrounding the offer to the city, Desert School district, Community hospital, Desert Museum and other civic bodies who would occupy the site if acquired as a civic center, will be gone.

Much of the misrepresentation clouding the issue is also expected to be cleared.

Lions Feast on Game as Guests of Trezevants

Lions and their wives to the number of three score, rallied on the O'Donnell Golf Course Thursday evening to partake of a wild game dinner as guests of Mr. and Mrs. R. M. Trezevant.

Duck, venison and other game featured the dinner which was highly enjoyed by the group.

Mr. Trezevant, an attorney, making his summer home at Hemet, furnished the game from his larder and the Lions furnished the appetite.

Urge Steps To Protect Horses

Preventive vaccination of horses in the county to prevent the spread of sleeping sickness in the county's stock, was urged today by Dr. J. W. Caldwell, county livestock inspector, after a report that the disease was spreading in the west end of the county.

Twelve cases have been reported to veterinarians.

Dr. Caldwell compared the small cost of preventative steps with the heavy cost of cure and added that only 60 per cent of untreated horses recover while 98 per cent of those vaccinated, do.

A new plant-killing chemical known as INBA—2-iodo-3-nitrobenzoic acid—belongs to the same chemical family as 2,4-D.

NEW HOUSE

Three bedrooms, 2 baths, wonderful view location. VERY EASY TERMS—moderate down payment, and only small monthly payments on the balance.
